KUSO's First BHOSKANNO - NAVRATHRI 2019

Our ancestors have performed Poojas and rituals to invoke supreme power for the well-being of our communities at large. In this respect, group prayers are considered to be most powerful and fetch these benefits multifold.

HIGHLIGHTS OF NAVARATHRI DAY FUNCTION:

The function was well attended by our elders and family members and with their blessings, the day started with fixing Beautiful AMMA KALASAM and DIVA PUJE by all our ladies assembled for the occasion.

The occasion was guided by Sri R.K. Sridharan, by chanting Lalitha Sahasranamavali, chanted to invoked divine energy where in all the girl children below the age of 10 years where worshipped as DURGAAMBO.

All assembled ladies performed Padma Pooja, Aasana, Nivedhana, pushpa, chandana kumkuma samarpanam and received blessings from these Kanyas.

Thus the function brought out as a perfect setting to get the divine blessing for the welfare of our entire community.

Bhoskanna function is the desire of all our ladies group to conduct every year and similar festivals in future. The KUSO office team was very active in providing logistics for the DIVA POOJE.

After the lunch break, cultural programs, song and dance performed by our Palkar mayin.

Carnatic vocal by Hamadarshini mai, D/o M.A Viswanathan-Ramila, Srirampuram. Songs sung by Vardhinimai, D/o Smt. Suchithra, old Airport road, Classical Dance - Bharathanatyam by Shloka mai,

A spot dance performance by a cute little Varshamai, D/o Smt. Priya darshini drags everyone's attention, without any doubt. Followed by kolattam by our palkar people.

SIGNIFICANCE OF BHOSKANNO:

This year Navarathri Festival is initiated with the above objective in mind. As we all know, our activities are becoming mundane and everyone of us have very less or no time to experience the benefits of cultural and emotional activities. Just to address these aspects, Navarathri Festival was planned and conducted on 6.10.2019 by KUSO for the first time this year.

Thrilled to find the enthu in every one of us.

The genuine effort and dedication by KUSO members and their families is highly admirable. Also we cannot forget a few others like Sri. B.M. Srinivas, Sri V.G. Gopalakrishnan, President, Former President Sri K.V. Pathy, Vice President Sri R.K. Sridharan, Sri T.A. Pattabiraman, Secretary, Joint Internet Computer Operators Sri T.R. Rajesh Khanna, Sri B.K.M. Letter to the Editor

The Editor should edit the Article before it goes for printing. In August 2019 issue the Article

“The Unwritten History of the Sourashtrians of South India” by T.A.Ramesh contains factual errors.

It states that “Nobody knows the Saurashtra Script and also none reads or writes in that language”

It only depicts the gross ignorance of the author about Sourashtra language and script.

The Editor also failed to remove the above sentence which is a prejudiced one.

Sourashtra script is available from 1876. Dr.H.N.Randle, Librarian, India Office Library London, has gone through the the book ‘First Catechism of Sourashtra Grammar’ in Sourashtra script by

T.M.Ramarai in 1905. He has written article in BSOAS in 1943-46 and in Journal of Royal Asiatic Society, London in October 1944 issue about Sourashtra Language and script.

The script under the name Saurashtra (SAZ) is included in Unicode. Fonts are available and software Azhagi + has included Sourashtra language and now Text can be easily composed in Sourashtra Script. Messages in Sourashtra script can be sent through Mobile phones.

Sonna Kodum readers are not to be misguided by Authors like T.A. Ramesh.

Kindly publish this in your SONNA KODUM next issue and oblige.

Glories of the 'Valampuri Sangu'

If a house is placed in a valampuri ornament, the kuberan blessing will be in that house. At home, Billy, witchcraft, eels are not approaching.

- ⊙ If a house is placed as a Valampuri conglomerate, there will be a Kuberan blessing in that house. Mahalakshmi will live in the house permanently.
- ⊙ It is said that the Valampurichi Sangu, theertham, tulsi leaves, worshiping and then bathing the water in the bath, it is said that the Brahma-dhatti dosha will be removed. This is the Dharma Shastra! Anga lashanam explains that manushyanam is brahmahathyayutam dhakatam.
- ⊙ With the Tirtha in the Valampuri Sangu, even if we anoint the Swami, the amount we have will disappear.
- ⊙ Karthekhi Somavaram 108 in the Sangu Abhishekam, in the middle is Valampuri Sangu in the form of Kuberan.
- ⊙ In the Nayalai Divya universe, the term 'panthavandu bhavivi' is used to describe the euphoria of the devotees by the conch-nath.
- ⊙ At home in Vasthu Dosham, Tulsi Tirtha is placed in the Valamburichi Sangh, and every Friday it becomes clear that Dosham is away.
- ⊙ Women in Mars Dosham, on Tuesday morning, Valamburichankam milk, to perform the Angara pooja, marry and marry.
- ⊙ The full moon's valamburichi kankum, with the saffron will be solved debt problems. Even though the lamp is worshiped in the middle of the Valamburichi stupa, the debt problem is gone.
- ⊙ In the house, worshiped with a clean, genuine right wing, do not come close to the billi, sorcery, eels.
- ⊙ By anointing the worshiping deity to the worshiping deity, we receive 10 times the anointing.
- ⊙ If a newborn baby gets the flu, pour water into the Valampuri Sangu, which will lead to Rudraksha, which will feed only the soaked water.
- ⊙ Put the rice in a small tray in the pooja room with the Valamburichu Sangha in which the flower is bowled and bowed and there is no food shortage.

Walampuri conch!

The Valamburichi conch in the Travancore flag.

Artificial right ventricle The armpit is created artificially because it is rare. In the market these are labeled as fake societies.

Dakshinavarti Shankh is a rare type of association. It is considered to be one of the most

sacred societies of Hindu beliefs, offering wealth and well-being. Because of these beliefs there is a large buyer of rightwing societies. The place is featured on the Travancore Flag, the Kerala State Emblem and the Sikkim Government Emblem.

Beliefs!

It was hoped that the Valamburi societies would come to the beach and shed pearls and the Valamburichi chant would ring itself. The belief that a precious pearl is available from the Valamburichi Sangha has been around since the Sangam age. Some of the ancient literature on the concept of Valamburi pearl (27-244), Masaru bonne valamburi mutte (2:73), Valamburi pearl kulamburi birth and Valamburiyo muthanna (p. 1712: 25-27) have been featured in many ancient literature.

How to appear!

The Lamburi and Valamburi societies belong to the same species as the white conch. As the cells begin to grow, the angle of the cell dividing becomes slightly tilted and not straight. The split positions occur in orbit as the next cracks form in the diagonal of the previous split. The body is grounded in understanding, so that it lies beneath the surface. These genes are responsible for the left angle of the carousel split left and right. Local cell division is normal. Mutations in the gene are caused by right angina. The gene mutation is so rare that the right angina is rarely available.

Categories!

The Valamburi conch is high, but it is a higher conch; People regarded the panchsanayam as the highest conch in the bribe. One right parallel to the Thousand Liturgy; A bribe to a thousand right-wingers; Some Sanskrit texts say that the three lines of silver in the inside of the bribe represent the trio. To this day, however, no one has seen the associations described as salam, panchsanam! There is no proof that right wing societies have superior power.

Demand To Identify & Declare Sourashtra / Sourashtri As An Independent Language And List It Under Schedule VIII Of The Constitution Of India.

The Govt. of India has not properly identified the status of an ancient & independent language that is found primarily in Tamil Nadu viz., Sourashtra(m) Or Sourashtri- the roots of which go as far back as the days of the Rig Vedas whose period may be assigned c.2000-1500 B.C.

The Sourashtras of Tamil Nadu have migrated from the ancient soil of Saurashtra which is now a part of Gujarat State. They are now having a population of 10 to 15 lakhs mostly in Tamilnadu and in lesser numbers in other South Indian States. They are unique in preserving their ancient language for many centuries in the States where they have settled. The language has huge literature including Ramayana, Bhagavad Getta, Niiti Shambhu and kiirtanaas by Saints like Sri Venkata

Sriman Nayagi Education Seva Association

On Sunday the 20-10-2019, at Madurai Theppakulam Nayagi Mandir, distributed free saree to 800 orphan women and veshti-sattai cloth to 400 orphan men belonging to our community, on behalf of the Sriman Nayagi Education Seva Association.

Our community business people from Chennai Choolai Sri Prasanna Venkatesa Perumal Temple Kumbabhisheka Committee Chairman Varuni Chemicals Mr KK Dinakaran, Mr. K.T.R Rama Brahmam of Madurai, a handloom saree maker, Mr. S N Rajan of Kanchipuram, Dindigul Mr SSK Aruljothi, Kanyakumari Mr. SS Balan were honored.

In the presence of Assistant Director of Drug Control, Chennai, presided by Mr. M.N. Sridhar,

Ramana Bhagavathar, Sriman Natana Goplala Nayaki, Kavi Venkata Suri etc. Four of the writers have been honoured with Bhasha Samman Awards by Sahitya Academy.

In Government records, the language of this community has been degraded to the status of a dialect/Sub-language of Gujarati. Actually Gujarati is the great granddaughter of Sourashtri from the point of their births. A newly born language, Gujarati, after

nearly 3000 years after the birth of Sourashtri can never be considered as the parent language for Sourashtri and hence the stand of the govt of India labelling Sourashtri as the dialect of Gujarati can not be accepted on any score.

The current wrong notions held by the Govt. of India in connection with the linguistic aspects of Sourashtri should be corrected, on proper analysis or study, if there need be.

Sourashtram(m)/Sourashtri should be identified & declared as an independent language and listed under schedule VIII. Only then some of the major the constitutional benefits can be enjoyed by the Sourashtras of Tamilnadu and other Southern States.

Hence we demand to the Govt. of India Sourashtram(m)/Sourashtri should be identified & declared as an independent Language and listed under schedule VIII of the Indian Constitution.

Association President Mr. E.R. Kumaresh. Dr. SS Saravanan, Madurai South Constituent Legislator participated. All donors are honored. A special lunch was given to 1500 participants.

Support Leads To Success

The total success of a community oriented event or a function mostly depends upon the total involvement and commitment of the people for whom such an event or a function is conducted. KUSO has been conducting "Global Jadhaga Parivarthanai Mela" since 2004. We have so far conducted 29 such 'Melas' twice in a year.

The response from the parents of "Nowrin / Nowran" is ever increasing and is very encouraging for the organizers of KUSO. We are making elaborate advertisement by various means. Wall posters are also prepared and arranged to be pasted in various big cities and towns for which we get support and cooperation from various people. We take this opportunity to thank the following personalities from different towns in Tamil Nadu, who have come forward for lending assistance for distribution of notices and for pasting wall posters for the 24th Global Jadhaga Parivarthanai Mela.

Members of KUSO and office bearers appreciate with gratitude, the efforts and the contributions of the following Sourashtrans, towards the success of the 'Mela' held on 13th October 2019

HALF SAREE

Do you know the secret that our ancestors used to wear Half Saree for obese women?

Pay attention to women and girl child. How many fashionable clothes for women wearing Half Saree today! So are all the diseases. Since that time, female children have been known to wear Half Saree.

Then some years later they built the saree. Have you ever wondered what the reason is?

Since puberty, our ancestors developed the habit of wearing a Half Saree and Saree for ventilation in the womb and around the navel.

Only then does it protect the pregnancy from overheating. But now that the place is not ventilated, jeans, tee shirt and sudidar are trying to reduce the temperature inside the uterus to keep the uterus from getting pregnant.

Computer learners don't have time to learn body language. In the early days women used to translate the house into dung. It's a great exercise. The nerves and pelvic bones are strengthened when the belly is pressed and worked.

Today is the job of everyone sitting and standing. IT and software companies are sitting on the sidelines of work. Thus, blood flow is impeded.

Therefore, hormones are not functioning properly. If the eye is at night, doing many work, and sleeping during the day, the heat is very hot.

Thus, the most affected are the abdominal areas of the women. Remember that with every step you take in the development of civilization, you go back ten steps in the matter of health.

WHAT IS THE BONUS?

Prior to the British domination in India, the weekly pay was in effect ... !! (52 weeks per year)

The British implemented the monthly wage system and calculated the salary for 4 weeks as a monthly salary ... !! (12 x 4 = 48 weeks)

That is 12 salaries per month. But if you count 4 weeks as a salary, you have to pay 13 per year.

Indiana is idle? In the 1930s and 1980s, union workers in Maharashtra struggled to defraud their 1-month salaries. As a result, the British consulted with trade union leaders on how to pay that one month salary.

It was then that the Diwali / Dussehra festive season was first announced on June 30, 1940 in the name of bonuses as a result of the demand that it be convenient to meet their needs. In later years, it expanded the profit margins. A bonus is the missing - unpaid - our (joining) monthly salary.

Not many people know this history today .. !!

GREEN CHILLIES

Do you like the green chillies? Read this one !!

If you are reading this you will understand that green chillies are not only good for health but also good for health, not just to enhance the flavor of the food.

There are many varieties of green chili, which do not contain cholesterol and calories. Instead, green chillies contain vitamins and minerals.

Vitamin C is high in green chillies. These increase immunity. Similarly, if the infection is infected, it will be spread. Green chilli chews excess saliva. The food we eat is easily digested.

Vitamin C in green chillies helps absorb iron. Fighting anemia. Hemoglobin levels in our blood can help keep things steady.

People who have diabetes eat green chillies to protect them from increasing the amount of sugar in the body. Vitamin C present in green chillies can produce water-soluble antioxidants. This helps to secrete collagen chemicals.

The chemical called collagen is very important for keeping the skin healthy. They are in green chili. Silicone, which is naturally present in green chillies, can increase blood flow to the head. Increasing the growth of follicles and testosterone which helps to stabilize the hair and prevent hair loss.

Those who are looking to lose weight can take it generously because green chili does not contain enough calories and increases our metabolism.

Essentially the green chilli stains the fat. Vitamin A in green chili is very good for the eyes. Anyone over the age of five can freely take green chillies.

Green chillies contain minerals. Specifically, they contain potassium, iron and magnesium. These are essential for uniform heart rate and blood pressure.
